Full job description

Your new company

This Global engineering-led specialist construction, maintenance and mining services group bring a unique engineering mindset to every project they touch.

Their specialist technical capabilities, diversified services and global experience working on iconic skyscrapers, bridges, dams, structures, transport infrastructure, mining, and oil and gas projects, means there is no complex challenge they can't resolve.

Your new role

You will work alongside qualified trades to take part in the demolition and rebuild of a glass furnace in Adelaide's inner suburbs.

You will be required to work 10/12-hour shifts over a 13-day fortnight and will have the option of working day or night shifts.

What you'll need to succeed

- Experience using hand/power tools
- Labourer/Trade Assistant work history
- Ability to pass an instant drug and alcohol assessment

What you'll get in return

This is a great opportunity to use the skills you already have and also learn some aspects of a new trade in this unique environment, You'll work alongside a team that support each other and whilst they are focused on getting the project done, they also care about creating a good culture to work in. There will be further opportunities once this project is complete.

- Generous hourly rate
- Overtime
- Work for a leading Global organisation

What you need to do now
