Full job description

The client:

Our client is an expert in the field of designing and producing high quality beverage caps and closures to compliment the products of their customers. Based in their state-of-the-art facility fringe-city location, opportunities currently exist for highly motivated and enthusiastic candidates who are looking to take the next step in growing their career with such a passionate and respected organisation.

The role:

As a Machine Operator, it will be your role and responsibility to ensure the process of machine operation and printing of beverage closures is running at an optimal level whilst ensuring and maintaining the highest standards of qualities in your product.

This role is not for the faint hearted; therefore, you must meet a strict criteria to be considered.

The successful applicant will:

- Be able to work 8 hour shifts - Day / Afternoon
- Be able to work in a highly physical & demanding role
- Have a strong mechanical aptitude
- Be able to follow and adhere to the strictest of safe work practices and procedures
- Possess a HIGH level of communication skills, BOTH verbal & written
- Have high commitment to work and proven tenure in previous roles
- Be able to pass a Drug & Alcohol, and Fitness test

To be considered, you MUST:

- Have previous experience in a FMCG environment
- 1 year of Machine Operation experience
- Display a proven strong work ethic

- Be able to problem-solve and trouble-shoot
- Work well within a team environment
- Be pro-active and show initiative
- Be able to be flexible with daily tasks and expectations
- Maintain a professional attitude and standard of work at all times
- Be willing to go above and beyond in your role and duties
- **Stand out from the crowd!!!**

The successful candidate WILL be offered the following:

- Training and support within in a state of the art facility
- An on-going position upon successful completion of your initial training
- An opportunity to work with a global industry leader
- A generous hourly rate inclusive of overtime and penalties
- Potential to grow and enhance your career

How to apply:

To be considered, you must submit your resume online in Word Doc format with a cover letter outlining your ability to meet the key criteria listed above along with a minimum of 3 current professional referees.

At Fuse, we specialise in recruitment for the manufacturing industry and actively source a variety of roles for a broad range of manufacturers. If you are looking for a new opportunity, I'd love to hear from you!

If you know someone looking for a job, refer them to us and we'll give you \$50* if we find them a new role!

Please contact Rebecca from Fuse Recruitment on 0437493065 for further information or send through an update resume to rgrocke@fuserecruitment.com
